WHERE WE HAVE COME FROM

2019

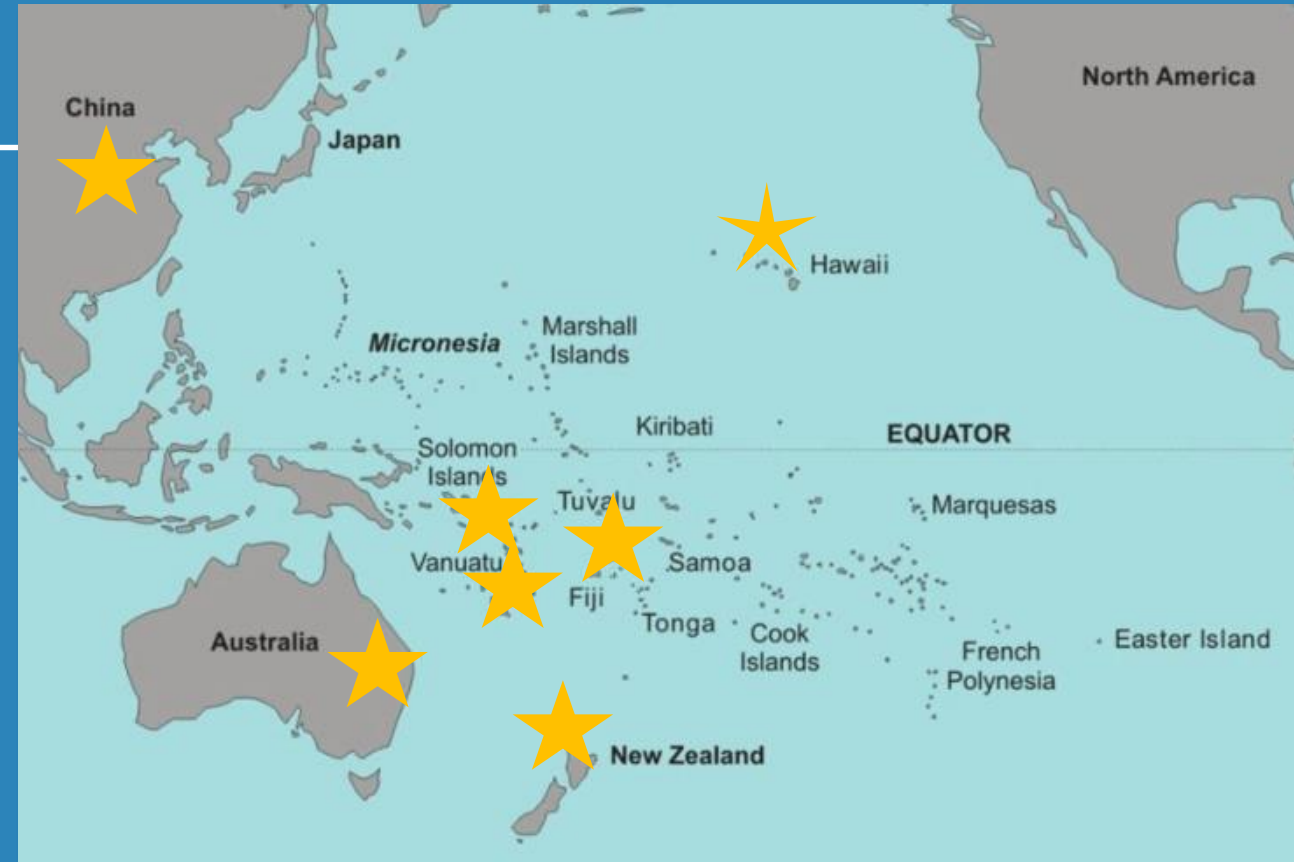

Talanoa Outcome
Statement
5th November 2019
Canberra Australia

2020

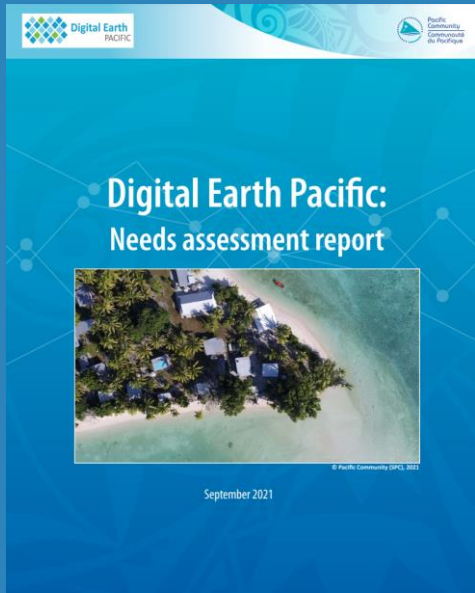

Pacific Island
Advisory
Group

Growing interest across this OCEANIA region...

ACHIEVEMENTS ALONG THE WAY

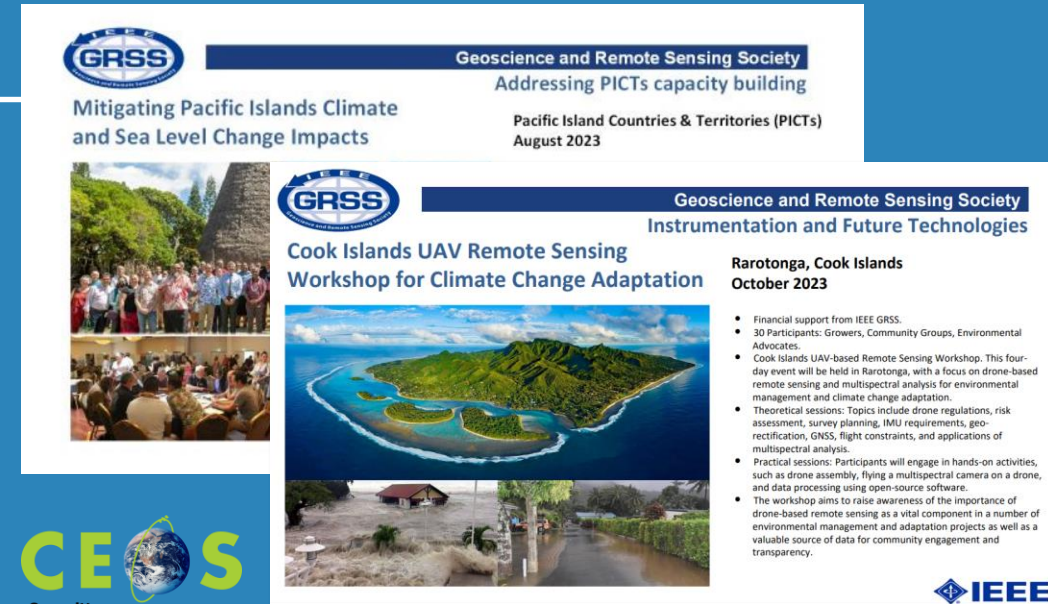

2021

2022

2023

Scoping need, regular virtual meetings, workplan delivery

Development of 6 EO projects, release of Constellation Statement, training and capacity building

Assessment of data needs and gaps, advice to GEO governance, innovative projects funded and launched

WHERE WE ARE GOING NEXT

2024 and beyond...

Develop a community of practice
and network across the Pacific

Engage with international organisations to acquire
infrastructure and capacity building support

Envision and plan for coordination
in the Pacific, aligning with the
GEO post-2025 Strategy

Provide advice to GEO regarding how
they can support the needs of the Pacific

Strengthen coordination and engagement and
highlight the existing capacities of PICTs
