

# GEO Knowledge Hub

## Webinar: What the GEO Knowledge Hub can do for you

Join this webinar to learn about everything the GEO Knowledge Hub offers, including new features.

The webinar has been designed both for existing knowledge providers, as well as new and potential users.

Join us on the **9<sup>th</sup> of March from 14.0 to 16.00 Geneva time. (Pre-registration is required)**

The GEO Knowledge Hub (GKH) is a central cloud-based digital library providing access to Earth Observations applications developed by GEO Work Programme Activities, It includes applications that help users working on agriculture, disaster risk reduction, urban planning and more.

[GEO Knowledge Hub \(earthobservations.org\)](http://earthobservations.org)

In this workshop, we will give a practical presentation on how the GKH several features can facilitate the organization and sharing of EO applications.
